

A time-honored recipe from the "Old Country", passed down from generation to generation.

Our sausage is made with 3 basic ingredients; fresh pork, water and spices. There are no artificial flavors, colors, chemicals or preservatives added in production. The pork that is used is whole muscle pork butts, blade meat and cushion meat. No trimmings are ever used. This combination assures the end user the perfect balance of flavor and texture with just the right amount of spice.

HPC #	PACK	SIZE	DESCRIPTION
